ANSD Colobane, The Director

March 12, 2024

Mr The Director of ANSD,

I am writing to express my interest in getting an internship as a trainee in your organisation.

I have just graduated with honors from ENSAE, as an engineer in Statistics and Economics. During my studies, I developed strong foundations in Data analysis and Machine Learning algorithms. My previous internships helped me gain extensive knowledge about economics modeling. Please find in the enclosed C.V. all the details about my qualifications and experience.

Moreover, I possess excellent communication skills that help me easily collaborate with your agents, so that I will be able to learn from them and improve my skills.

I truly see this internship as a way to earn my stripes as a statistician and I am looking forward to receiving a positive answer. Thank you for your time and consideration.

Coulibaly Khadidiatou
